

2013
WATERSPORTS

WELCOME

Over the next few pages we will introduce you to the all-new 2013 watersports lineup, this year the innovation has reached new heights, the designs and colours are functional and fresh, and the durability of our products has been tested to the limits by our worldwide team.

This season we are bringing you everything you need to get in the water and stay in the water longer, some of our key pieces include our A-Tron series wetsuits with all new 3d patterns and chest zip designs, for our PWC enthusiast we are reissuing the F-20 tigershark suit and vest series from 1990, yesterdays look with today's materials and technology and our C4 PFD features Fire fur technology to help keep you in the water longer.

Jetpilot has been in the watersports game for the past 26 years and in that time we have continually raised the bar on innovation and performance orientated products every single year and this year is no different.
